

September 2023 PWAS Meeting

The Prince William Art Society will meet at 7:30 on September 25th at the Tall Oaks Community Center (12298 Cotton Mill Dr., Woodbridge, VA 22192). The meeting will open with a program by Fine Artist Pierre Georges. Following the program, there will be light refreshments then a business meeting where information about PWAS activities and plans will be shared. Programs and meetings are free and open to the public, who are cordially invited to attend.

Having spent several of his childhood years in Haiti, Mr. Georges became an illustrator in the Navy. Open to a variety of influences and creative experimentation, his body of work nevertheless retains a signature aesthetic whether depicting people caught in dramatic moments or daily life in lush idyllic landscapes. His palette ranges from muted to saturated vivacity; always being used effectively to support the subject and intent. Mr. Georges will share his work with us, and discuss how his process helps him establish a plan and decide on aspects of the execution in order to produce the image he envisions. Pierre Georges' work can be viewed at www.pierregorges.com.
